Jim Rempel Nominated as Entrepreneur of the Year

The Entrepreneur of the Year award recognizes those individuals with truly innovative business ideas that have the drive, determination and finesse to turn the vision into reality.

Calgary, Alberta, Canada ...May 18th, 2007 ... Jim Rempel, President and Founder of The Print Operations Group (POG), has been nominated in Ernst & Young's Entrepreneur of the Year Program (EOY) in both the Business to Business and Professional Services categories. The EOY Program is one of the pre-eminent business award programs that honour entrepreneurs who have not only founded innovative businesses, but have achieved financial success and demonstrated a strong personal commitment to their business and community.

"Jim's nomination is a testament to the vision and commitment he has shown in developing a world class print consulting practice over the past decade" said Ken Roche, Vice President of Sales and Marketing for POG. The unique methodology that Jim and his team have developed has caught the attention of blue chip companies across North America. Recent recognition from industry experts such as Gartner have re-enforced the value of the POG service offering.

The Print Operations Group is a manufacturer **independent** *Print Optimization Solutions* provider that has an excellent track record of *identifying, capturing and measuring* significant print related cost reductions while improving end user satisfaction and productivity.
